STATE ORDERS INSPECTION OF HOME BUILDING

The Adams County Commissioners were notified by the state Department of Labor and Industry this morning to have a registered architect or engineer inspect the Administration building at the county home and to make such corrections as he may suggest within 120 days.

The notification, in the form of a letter from C. Earl Cole, supervisor of inspections for the state department, did not list any deficiencies in the building, nor make any suggestion concerning it, other than to order the commissioners to have it inspected by an architect or engineer and make whatever corrections may be suggested.

Clarence C. Smith, commissioners' clerk, said the matter would be turned over to J. Alfred Hamme, architect for the commissioners, and added that whatever renovations are needed will be made.

Follows Inspection

The letter followed an inspection of the county home buildings last week by a Mr. Kepner of the state Department of Labor and Industry who was called to check the progress on the renovation of the asylum building to determine that all work to date was properly done before starting additional construction at the asylum structure. While here Mr. Kepner also visited the other buildings rather than make another trip later.

Smith said the letter contained no specific recommendations concerning repairs to the administration building and said he believed the direction was simply a safety measure because of the extreme age of the building. The administration building is believed to have been the first structure at the county home, and the records on it go back to 1817.

The state department ordered placing of a fire escape at the front of the asylum building. The former fire escape had been dismantled to permit the reconstruction work there. Smith said the matter would also be placed in the hands of the architect to determine where the escape could be placed to interfere least with the reconstruction work.

OPEN RELIGION IN LIFE SESSION THIS MORNING

Stressing the importance of an "open-minded" attitude toward their quest for the answer to individual "Conflicts in Religious Thinking," Dr. Charles W. Kegley, professor of philosophy at Wagner College, opened the Gettysburg College student Religion in Life Week at the school this morning.

President Walter C. Langsam introduced the speaker.

The open mind, Dr. Kegley explained, is not one which might be described as a "weather vane, shifting position with every new idea," nor "as a closed mind, which absorbed no new thought, nor as a blank mind, but rather as a mind "eager to get new conclusions, entertaining convictions and respecting the right of others to form conclusions."

Guest Leaders

In his first of three discussions with the chapel assemblage, he laid the pattern of thought which will form the basis for group and panel discussions to be held this afternoon and evening, Tuesday and Wednesday.

Guest leaders and those who will participate in discussions at various fraternity houses, the women's dormitories and the SCA building during the week include: Rev. Wallace E. Fisher, Lancaster; Rev. Ernest Andrews, Harrisburg; Rev. Raymond Shaheen, Williamsport; Dr. Walden Holl, Johnstown; Rev. Ernest Andrews, Harrisburg; Rev. Clyde Brown, Gettysburg; Mrs. Edith Anderson, State College; Miss Miriam Waltemeyer, New York City, and Elwood Lester, Gettysburg Theological Seminary.

Colorful GAR Out Of Existence

LOS ANGELES, Feb. 14 (AP)—The Grand Army of the Republic went out of existence in a quiet ceremony Saturday.

The Bible used by Stanton Post 55 from its formation in 1863 was closed and the post's American flag furled for the last time.

The mementoes will be sent to Washington to be placed in historical archives.

The Women's Relief Corps—GAR auxiliary—has been trustee of the Bible and flag since the death Jan. 23 of William Allen Magee, 106, last member of the organization of Union veterans of the Civil War.

The two surviving Union Army members are not GAR members, said Mrs. Charlotte Kratch, president of the Women's Relief Corps. They are James A. Hard, 111, now in a hospital at Rochester, N. Y., and Albert Woolson, 106, of Duluth, Minn.

CHIEF BARTLETT TAKES OVER HIS DUTIES SUNDAY

A better police department for Gettysburg, one which will reflect credit on this historic community, was pledged Sunday as Jack Bartlett, 100 York St., who retired Saturday, took over his new duties as Gettysburg's chief of police.

CHIEF JACK BARTLETT

There will, however, be no "radical" changes made in the present set-up of the police department, Chief Bartlett told members of the police force at headquarters in the fire engine house Sunday afternoon.

Three points were stressed in what Bartlett said he would expect from police officers: courtesy, dress and cooperation.

Bartlett took the oath of office several weeks ago, Burgess Weaver said.

Bartlett met with members of the department, Burgess William G. Weaver and the Safety Committee, of which Councilman John Fox is chairman.

All Police Present

All members of the Police Department, including the "extra" police, were present, Charles W. Culp Jr., Daniel Miller, Ralph Fissel, (Please Turn to Page 5)

Gives Warning On Income Tax Report

Self-employed persons filing 1952 income tax returns were warned today by Clarence Anstine, manager of the York office of the Social Security Administration, to include their social security number and the nature of their business. The information should be included in Schedule C-a attached to form 1040, he said.

The account number is needed, he said, to properly record the self-employed income to the individual's account. Those who do not have social security numbers may obtain them at any social security office.

MARTIN LAUDS BOY SCOUTS IN TWO ADDRESSES

Six thousand Boy Scouts took over Gettysburg and the Battlefield Saturday for the fifth annual Boy Scout Lincoln-Gettysburg pilgrimage. And comments from the scouts themselves indicated that the sixth annual program next February will be even better attended.

U. S. Senator Edward Martin praised the scouts both in a formal address made at the National Cemetery as part of the program Saturday morning and at an informal luncheon meeting held at the Hotel Gettysburg for the Senator and other distinguished guests.

Attorney Horace Ports, York, presided at the luncheon session. Senator Martin, in praising the scouting movement, told of his own experience as a scoutmaster back in the early days of scouting in this country.

Recalls Links With Gettysburg

A survey made of his original troop a number of years after that group had reached manhood revealed that, out of 45, all but one had become successful in their chosen vocations. The senator said the remainder of the group, out of the spirit of fellowship from their former scouting days, united to aid the one unsuccessful former member and at last report he, too, was doing successfully.

The senator mentioned a number of instances occurring during previous connections with Gettysburg. He recalled when as a national guard officer he was here frequently in charge of staff problems and national guard activities on the battlefield.

The total on Saturday was 444, which included 108 school children in three buses and 336 persons in private automobiles. Sunday's total was 280, for a week-end figure of 724. The total the preceding week was 1,008.

MARTIN TO HELP PUSH BILL FOR BUILDING SITE

U. S. Senator Edward Martin told Republican County Chairman John H. Basehore and a group of Gettysburg Joint School District directors at a Saturday afternoon conference at the Hotel Gettysburg that he will ask the Senate for "unanimous consent" to speed passage of the bill to authorize the Park Service to dispose of a plot of government land here for school purposes.

Senator Martin told the group that was headed by Chairman Basehore and Dr. R. D. Wickerham, president of the joint school board, that he will confer with Senator Hugh Butler, chairman of the Committee on Interior and Insular Affairs to which the Gettysburg bill has been referred, relative to having the bill clear that committee as soon as possible.

Senator Martin described the bill as "non-controversial" and one that should pass this session of Congress promptly.

Park Service Favorable

Congressman S. Walter Stauffer of this district, who introduced a similar bill in the House on January 26, will have the assistance of Congressman Richard (Dick) Simpson in expediting the bill's passage there, Senator Martin said.

The twin bills would give the Secretary of the Interior power to sell about 20 acres of government land east of the Gettysburg High School property. The value of the land would be set by appraisers and the money the Park Service receives from the sale would be put into a special fund to be used to purchase other land for the park, held necessary to its development because of its historic importance. The land between the high school and E. Confederate Ave. is of no significance historically, the Park Service has held.

The Park service is described as favorable to the proposal.

Board Faces Decision

Senator Martin was shown an aerial view of the land in question and went over details of the case with the schoolmen.

Last week the school district had a York architect look at the site. It was described as "very attractive" and suitable for an elementary school building "up to 35 or 40 rooms if necessary."

The joint school district faces a decision soon as to whether to put a large grade school building on (Please Turn to Page 2)

2 DEPARTMENTS BATTLE BARLOW FIRE SATURDAY

Fire believed to have started from electrical wiring on the front porch of a three-family home at Barlow Saturday afternoon caused damage estimated by Fire Chief Bernard Miller of Barlow at \$4,000 before it was extinguished by Barlow and Gettysburg firemen.

For more than 40 years the building had housed a general store, at the intersection of the old Taneytown Rd. and the Hoffman Orphanage Rd., a short distance east of Rock Creek. The building is now owned by George Mummert, who, with his family, occupied the south side of the house. The north side was occupied by Mummert's mother, Mrs. Lily Mummert, and a rear portion by Helen Carey.

The fire was discovered by John Eyler, Barlow, as he drove past on the new Taneytown Rd., a short distance west of the old highway. Eyler continued to the Barlow fire house nearly a mile north and turned in the alarm.

Save Some Furnishings

Meanwhile Mrs. Mummert had smelled smoke and discovered the front porch in flames. The entire front of the building was burning furiously when firemen arrived. Neighbors assisted the family in removing most of the household furnishings, but several pieces of furniture and kitchen equipment were burned or badly damaged by water.

Barlow firemen radioed the central station in the fire engine house here to summon assistance. The alarm was sounded here at 3 o'clock and Gettysburg trucks, and firemen responded.

Water from booster tanks and from the large tank on the Barlow truck was used to fight the flames until Gettysburg's portable pump could be hooked up at Rock Creek to supply additional water.

Used As Store

The flames broke through the roof at several points, Mr. Mummert said the loss is only partially covered by insurance.

The house was built about 50 years ago on the site of a smaller house which contained a store operated by Josephus Mills. A son, Abner S. Mills, who later operated a store in Gettysburg, erected the building, and conducted a store in it until about 1911, when it was taken over by John Black, Mr. Black had a store there for four years. Then J. Carma Smith, father of Clarence C. Smith, clerk of the Adams County Commissioners, operated a store in the building for nearly 25 years. He died in 1939, and the store was discontinued and the building sold in 1940.

TRUCKER LOSES LOAD OF CATTLE

Trucker Fred Stroecker, Herrndon, Pa., jumped the gun on the traditional Friday the 13th jinx by losing 13 head of stock from his truck, breaking a telephone guy post, smashing a school-bus depot, last Thursday afternoon near Emmitsburg.

Troop 1/C H. J. Brown halted Stroecker between Emmitsburg and Gettysburg, handing the trucker a citation for reckless driving. Stroecker told the State Trooper, he was unaware of any loss or damage done, prior to his being halted. Hearing will given the offender, February 24 before Magistrate Edgar Palmer, Thurmont.

Load Shifted
State police reports state that Stroecker was driving a stake-body truckload of cattle and hogs northward on Rt. 15. While making the sharp left-hand curve in the highway near Payne's Hill, Trooper 1/C James H. Rouze said the stock in the truck shifted, broke through the stake siding and 12 head of cattle piled on top of one another, breaking down 11 guard rails.
One steer was catapulted through the back of an individual school-bus waiting station, demolishing it. Stroecker claims he was unaware of losing any of the animals or of hearing the crash as the stake body crumpled when the load shifted.
He proceeded nearly a mile further northward, and lost a 500-pound hog from the truck before he was stopped by Trooper Brown. Five of the injured cattle and the hog had to be killed on the spot.

Bullets Regain Winning Form By Upsetting Lehigh Cagers 57-49 For 9th Win Of Season

A four-game losing streak of the Gettysburg College cagers came to an end Saturday night when the Bullets defeated Lehigh 57-49 at Bethlehem to avenge a previous defeat here by the Engineers.

Coach "Hen" Bream stuck to one lineup throughout the entire game and his lads did a complete turn-about from their recent exhibitions. The Bullets played a deliberate game most of the way, relying on working the ball through and seldom shooting from the outside. Gettysburg gave a good exhibition in shooting, connecting on a little more than 50 per cent of its shots while Lehigh had about a 35 per cent mark.

In the opening period the Breammen got into a 13-10 lead and led most of the second quarter until the Engineers spurred just before half time to take a 26-25 lead.

It was close all the way in the third frame as the Bullets forged into a 42-41 advantage.

Freeze Is Successful
After picking up a five-point edge early in the final period, the Bullets went into a successful stalling game to put the clincher on the game.

The entire Bullet outfit put on a fine defensive exhibition with the result that Lehigh seldom secured good shots. Bill Snyder, Jack Keller and Joe Lang were especially good on off-board plays. Dick Slaff, Lehigh ace, needed 23 points to set a new Lehigh scoring mark but got but 12 off Bob Pizolato, Johnny Habeeb was the high point man for the evening with five goals and as many fouls.

Next foe for the Bullets, who now have a 9-7 record, will be Dickinson who will be met at Carlisle Wednesday. Bucknell will be here Saturday evening.

RICKEY CAN'T TRADE KINER

PITTSBURGH (AP)—Branch Rickey, general manager of the Pittsburgh Pirates, still is trying to make a deal for his star home run hitter, Ralph Kiner, but so far nothing has jelled.

Manager Gabe Paul of the Cincinnati Reds flew into town for a second round of swap talks with the Pittsburgh Pirate boss, the two gossiped until late Saturday night but ended up where they started.

"We talked over all sort of propositions," said Rickey, "but Ralph Kiner remains Pirate property."

Rickey explained that he'll trade Kiner in a minute if he "can get the better of the deal," but that he positively won't sell the big 30-year-old left fielder.

"I'm trying to build up a team," said Rickey. "I'm willing to listen to anyone who has an offer."

Paul originally offered a \$300,000 package of five players for Kiner. What he put on the block Saturday wasn't publicized.

Kiner remains unsigned. Rickey wants to whack 25 per cent off the home run champ's \$90,000 annual pay. Kiner, who whalloped 37 homers last year but hit only an anemic 24, says he's worth more — at the box office — than Rickey wants to pay.

LA SALLE MAY DEFEND TITLE IN THE GARDEN

By ORLO ROBERTSON
NEW YORK (AP)—Don't be surprised if an announcement today says La Salle's Explorers will defend their title in the National Invitation Basketball Tournament opening in Madison Square Garden March 7.

From an authoritative source it was learned the Philadelphia school, with a record of 20 victories and two defeats (both by De Paul) has been approached by the NIT, a 12-team affair, and the National Collegiate Athletic Association. The NCAA's 23-team tournament opens March 9 with 14 conference champions and nine at-large teams forming the field.

Asa Bushnell, chairman of the NIT Selection Committee, declined to comment other than to say there probably will be an announcement today.

Of course such an announcement could mean the acceptance of unbeaten Seton Hall, the nation's No. 1 ranking team, or Manhattan, New York's most logical representative of its 16-2 record. Like La Salle both are outstanding choices for one of the at-large berths in the NCAA play.

Meanwhile, the NCAA selectors have indicated they will not do anything about naming the at-large representatives for at least 10 days. Reeves E. Peters of Kansas City, chairman of the Western Selection Committee, said he hopes to have the four West independents named by Feb. 25.

However, Doug Mills of Illinois, chairman of the Eastern group, says "probably not before the first of March."

Out West the top candidates are Oklahoma City (14-3), Seattle (20-3) and Santa Clara. In addition to La Salle, Manhattan and Seton Hall, the leading contenders for the five Eastern berths are Niagara (17-4), Navy (13-4), Fordham (16-4), De Paul (17-6), Notre Dame (13-4), Western Kentucky (20-4), Louisville (18-4), and possibly Duquesne (14-7) and Villanova (15-7).

Warriors In Lead
Gettysburg's last game, next week, against Chambersburg may settle the South Penn second half. Gettysburg, defeated only three times this year, leads the circuits with a clean 4-0 record after taking the important one from Hershey.

Ashland's victory over second place Shenandoah Friday just about gave it the second half flag and with it a second consecutive North Schuylkill league season championship. It was the sixth straight league win for Ashland and Shenandoah's first loss.

The Section 2 standings in District 10 were unexpectedly scrambled when Titusville handed Oil City defeat No. 1. The result left Meadville and Oil City tied for first. They are scheduled to get together next week.

PCIAA action found Johnstown Catholic winning the Altoona Diocese crown by downing Altoona Catholic 74-50 yesterday. It was win No. 17 against three losses for Johnstown. Meanwhile, St. Catherine's of Dubois, a Class B school took its 18th victory without a loss by beating St. Bernard of Bradford.

Michigan State football teams have scored 100 or more points in four different games, the last being an even 100 against Ripon in 1931.

Playoffs Go To Altoona
ALTOONA, Pa. (AP)—The District 6 PIAA basketball committee has set March 13 in Altoona for the playoff of the district scholastic championship.

Titles in the other two classes also will be played off in Altoona this year, the Class B event on March 17 and the Class C on March 10.

Semi-final eliminations for the Class A title are set for March 11. On that date the Mountain League winner will meet the Central League winner in the Juniata College gym at Huntingdon.

The other game is problematical. It will be played only if Altoona qualifies by winning its three remaining games—against Conemaugh, Westmont and Burnham-Derry. If it does, it will meet the Tri-County League champion in Altoona's Jaffa Mosque. Otherwise the Tri-County champion gets a bye in the semifinal round.

At present, Hollidaysburg looks like a winner in the Mountain League, Lock Haven is pacing the Central League, and Johnstown appears to have the Tri-County league title wrapped up.

SCHOOL CAGE CONTESTS GOING INTO LAST LAP

By DICK HOENIG
HARRISBURG (AP)—Schoolboy conference basketball play has two weeks to go before the beginning of the month-long PIAA playoff grind which will lead to the crowning of a successor to Class A titlist Farrell.

The Steelers, winner over Coatesville in the final last March, were eliminated from the post season carnival Friday when they lost their third game in 20 contests. It was their third setback in Section 3 play of the WPAL, the West's most important conference.

That meant that the title went to Sharon, one-time victory over Farrell, and left the champs out in the cold. Allupia sounded the bell for the Steelers as Sharon took the measure of Ellwood City for league win No. 9 against a single loss.

The two clubs currently are deadlocked with 62 points. Providence whipped Syracuse, 5-3, and closed in on fifth place. St. Louis, Providence now has 43 points to 45 for the Flyers. St. Louis, in turn, is only two points back of Syracuse and Hershey which are tied for third place.

G-BURG MATMEN DOWN BLUEJAYS FOR 4TH WIN
Registering two falls, four decisions and gaining a forfeit in the 147-pound event, the undefeated Gettysburg College wrestling team won its fourth straight here Saturday evening with a 27-3 verdict over Johns Hopkins University.

The quickest fall came in the 137-pound affair when Jim Howard pinned Frank Potter in 1:21 minutes. Al Herschberger gained the other fall to the Blue Jays in tossing Adam Szybinski in 4:09 of the 167-pound clash.

Jim Spangler, 177, remained unbeaten in his collegiate career by decisioning Edward Berlett 4-2.

The lone victory for the Blue Jays was a 4-0 decision by Lou Ruland over Sam Evangelista, 130.

Coach Jack Shattline's grapplers face their big match of the season here Wednesday evening when the powerful Franklin and Marshall matmen will be met. The freshmen teams will meet in a preliminary affair at 7 o'clock.

The summaries:

2 SIGN BUCS CONTRACTS
PITTSBURGH (AP)—Pitcher Paul LaPalme and infielder Dick Cole signed Pittsburgh Pirate contracts over the week end. Both were with Hollywood in the Pacific Coast League last year. Cole hit .286. LaPalme, a southpaw, won six and lost one.

7-Year-Old Trotter Year's Top Winner
COLUMBUS, O. (AP)—Viola's Spud, 7-year-old trotter, owned by C. L. Jennings of Centerville, Ia., won more races than any harness horse in the country during 1952.

The son of Spud Hanover arrived home first on 27 occasions. This was one more victory than was credited to Prince Phillip, 4-year-old trotter owned by O. C. Belt of Columbus, chairman of the Ohio Racing Commission.

Leadership among the pacers was shared by Good Time, Bill Cane's Harness Horse of the Year, and Murel B. Trout's Byno Volo from Fort Wayne, Ind. Each won 23 races. Ohio-owned standardbreds topped three of the six titles and another Buckeye horse shared in a fourth.

TRIPLE WINNERS
NEW YORK (AP)—Ford Konno of Ohio State won three indoor and three outdoor AAU swimming championships during 1952. Gail Peters of Washington, D. C., scored in three indoor events for women. No outdoor competition was held for the women because the AAU lacked a sponsor.

Seattle's O'Brien Is 3,000-Pointer

SPOKANE, Wash. (AP)—Seattle's fabulous little Johnny O'Brien, who beats foes with hook shots but balances their athletic budgets, became college basketball's first 3,000-point player last night.

O'Brien, a 5-foot 9-inch senior who has perfected every shot in the book, hit 3,000 amid his greatest night. He scored 51 points in a 109-68 mauling of Gonzaga which had upset Seattle the night before.

HARNESS HORSE RACING GAINS IN POPULARITY
NEW YORK (AP)—Harness racing, America's finest growing sport, continued to show tremendous gains at the turnstiles and mutuel windows during its greatest season.

In the 11 states which permit pari-mutuel wagering new betting records were set. A total of \$362,809,265 went into the machines. This figure represents a 19.34 increase over the high set the previous year. States received \$20,150,788 from the sport. Attendance totalled 7,903,590, a jump of 9.62 per cent over 1951. Neither figure includes the estimated 8,800,000 fans who attended 450 county fair tracks.

Tops Million Mark
Yonkers Raceway became the first harness track to top the million dollar mark in average handle for 86 nights of racing. Roosevelt Raceway, pioneer of the nocturnal sport, showed a slight drop in attendance but an increase in wagering which totalled \$95,338,401 for 108 nights.

New York State received \$14,360,040 in revenue from the wagering at its harness tracks. The handle was 18.18 per cent above 1951 and the attendance in the state showed a 3.38 percentage gain.

William H. Cane's Good Time, a 6-year-old bay pacer, became the greatest money winning harness horse in history. Naturally, he's the harness horse of the year. He won 23 of 33 starts during a year in which he earned a record \$110,299.10. He ran his earnings to \$318,792.86, a luscious figure which is one of the main items that has attracted new owners to the sport.

Proximity, a trotter, had held the money record with a bankroll of \$252,929. Good Time surpassed that figure back in July.

Good Time, victor in 78 races out of 110 starts in five years, now stands at stud at Castleton Farm, Lexington, Ky. In all but three of his races, veteran trainer-driver Frank Ervin handled the reins on the son of Hal Dale—On Time by Volomite.

Gains Chief Victory
Good Times' chief victory came in the \$25,000 invitation National Pacing Derby at Roosevelt Raceway. He won by two and a half lengths.

Sharp Note, owned by C. W. Clark of Dearborn, Mich., won \$47,246.64 by taking the Hambletonian. The bay son of Phonograph picked up another \$28,299.55 by taking the Kentucky Futurity. He became the first horse to win both events. In taking the Hambletonian, Sharp Note's driver, Bi Shively, became the oldest reinsman to win the event. "I'm too old to be thrilled," said Shively after the race. He's 74.

Meadow Rice, owned by W. G. Reynolds of Louisville, Ky., won \$30,231.66 by taking the Little Brown Jug while Dunbar Bostwick's 10-year-old Chris Spencer showed a lot of running taking the \$50,000 Roosevelt Two-Mile Trot and the \$25,000 Gotham Trot. Chris was the horse that went swimming in Lake Champlain as a cure for stiling legs.

Leonard J. Buck of Far Hills, N. J., and Sol Camp of Shafter, Calif., both shelled out more than \$100,000 for harness horses during the year. But C. M. Saunders of Toledo, O., paid the top price of \$46,000 for the yearling Snashaway, a full brother of the trotter Bangaway.

Levi Harner of Bloomsburg, Pa., led the drivers with 129 winners while William A. Haughton of Fultonville, N. Y., won the most money — \$31,728.45.

EXONERATE DRIVER
SOMERSET, Pa. (AP)—Norman Crider, Greyhound bus driver from York, has been exonerated in the death of four bus passengers in a collision with a truck last Oct. 4 on the Pennsylvania Turnpike.

A Criminal Court jury deliberated three hours Saturday before freeing Crider on four counts of involuntary manslaughter.

Jim Stehlin, star forward passer on the Brandels U. football team, is also the third baseman on the Judges' baseball squad.

TOSSED OUT BY BIG BULL ELK
OKANOGAN, Wash. (AP)—Fred Martensen knows how it feels to be tossed on the antlers of a big bull elk.

Ron Andrews, biologist for the State Department of Game, said Martensen escaped with cuts and bruises—probably because the elk had only one chance. The toss pitcher intended victim entirely out of the narrow chute into which he had fallen.

Martensen and another were tagging elk for the game department. They would herd one of the huge antlered animals into the chute and while one man held the horns the other would affix a small tag to its ear.

The project helps the department check elk migrations—but this one apparently didn't want anybody to know where he was going. Martensen was holding the antlers when a sudden jerk of the head yanked into the chute.

"Usually an elk strikes with its front hooves, delivering a double blow that could kill or seriously cripple a man," said Andrews.

"But the space was so narrow the elk had to back away to get a room to strike, giving Martensen time to clamber erect and start climbing out of the chute. When he was halfway up the elk hooked him with its antlers, throwing out of the enclosure and 15 feet away."

ONE HUNDRED YEARS AGO

On Monday in the House of Representatives, Mr. Mellinger presented a petition for a Commissioner to run a line between York and Adams counties; also of George Haas for a divorce.

Married: On the 15th inst., by the Rev. Jacob Ziegler, Mr. Jacob Lentz, of Washington county, Md., to Miss Susan Guise, of Menallen township.

On the same day, by D. A. Buehler, Esq., Mr. Jacob Willhite to Miss Catharine Carver—both of Hamilton township.

On the 10th inst., by the Rev. J. Ulrich, Mr. Wm. Johnson, of Cumberland county, to Miss Rebecca E. Clapper, of this county.

On the 15th inst., by A. W. Maginly, Esq., Mr. John E. Plank, of Huntington township, to Miss Susan E., daughter of Jacob Diehl, Esq., of New Oxford.

On the 15th inst., by the Rev. Wm. P. Eyster, Mr. Leonard Taylor, to Miss Savilla M. Knaus—both of this county.

Fire: On Tuesday evening between 7 and 8 o'clock, this startling and unusual cry was heard in our streets. The fire was discovered in the large hay-stable of Mr. D. Ziegler, near the Methodist Church, on Middle street. With such rapidity did the flames progress, that it was soon found to be impossible to save it, and the exertions of the firemen were directed to the adjoining buildings. Although several shops in the neighborhood were ignited from the falling fire, nothing was consumed but the stable, with its contents from 8 to 10 tons of hay—loss probably \$300. The wind carried the burning shingles northward, covering the stables and houses to York street and beyond it, for a few minutes presenting quite an alarming appearance. The timely application of water saved the buildings.

The stable was fired by an incendiary; and the Council has offered a reward of \$250 for the discovery of the perpetrator. It is to be very much desired that he could be discovered and punished.

There being no insurance, the loss is a total one to Mr. Ziegler. It is Mr. Ziegler's request that those indebted to himself or the firm of Danner & Ziegler, will call and settle, and thus enable him to rebuild and repair the loss sustained promptly.

SEVENTY-FIVE YEARS AGO
Local Items: There are between 80 and 90 residents of Gettysburg over 70 years of age.

On Thursday Samuel Stanton (colored) employed at the Keystone Hotel, was kicked in the right eye by a horse, entirely displacing the eye-ball. It was replaced by Dr. T. T. Tate, and the wound is improving but Stanton will lose the sight of the eye.

Judge McClean went to Carlisle on Wednesday to hold Court.

Peter Thorn will take charge of the Battle-field Hotel April 1.

On Monday Sheriff Spangler started for Philadelphia with six prisoners—five sentenced to the Penitentiary and one to the House of Refuge.

Married: Beaver-Musselman.—Feb. 12, at the residence of Mr. Jacob Musselman, by Rev. E. S. Johnson, Dr. A. P. Beaver to Miss Julia A. Musselman, both of Fairfield.

Myers-Pillard.—Feb. 12, by the Rev. J. W. Breitenbach, Michael Myers to Mrs. Elizabeth Pillard, both of this county.

Mr. Shields is a graduate of the Star and Sentinel office, a good printer and clever fellow. In taking to himself a partner for life, we wish him and his a long and happy career.

Hahn-Hahn.—Feb. 14, by Rev. E. Breidenbaugh, Adam D. Hahn to Miss Appoline C. Hahn, both of Franklin township.

Today's Talk

A GREAT ARTIST

Some thirty years ago I paused to look into the window of an art store in my town. There was a painting in the window that intrigued me. It was called "The Lonely Road." I went in and asked the dealer the name of the artist. He said his name was Eugene Higgins. I saw several other paintings by this artist but the one that first attracted my attention kept growing on me. I finally decided to buy it and paid a small deposit.

It took me several months before I could pay the full price and take the painting to my home as a happy possession. Later I bought several other paintings by this artist, and all these years they have given me great happiness. I sought out the artist and he became my friend, and I have seen his star rise and his art appreciated. Many of the great galleries of America now have examples of his work, and many have been the prizes that he has gained.

Recently notice of an exhibition of the works of Eugene Higgins came to my desk, and I went to see them displayed in an art gallery in New York City. I was pleased and thrilled at the growth and beauty of each separate painting. I saw much of the feeling and spiritual power of such masters as Millet and Legros in the work of Higgins. Peasants, pioneers, emigrants, unfortunates, in bold masses—all compositions of great beauty and sincerity.

I looked upon the work of my friend I could not help but think of the examples of so-called art that are being sold and peddled as art under the title of "modern." Art, to my notion, is life, feeling, beauty. It's something that the artist conceives within his heart. It's something that keeps living, stirring the emotions, feeding the soul. That's what Eugene Higgins' paintings have always done to me. The toil and struggle of the artist himself are felt in everything he has ever done. I salute a great American artist!

Tomorrow Mr. Adams will talk on the subject: "It Always Comes Back."

THE YOUTHFUL DAY

There's nothing old about a day;
It's always new and fresh and bright.

Each morning takes a different way
Unto the sable realm of night.

Sometimes the sun withholds his face,
Sometimes the fields are splashed with rain,

Sometimes as children we may race
Or join with men and strive for gain.

This day perchance a friend we find,
Tomorrow may a friend depart;

The next may bring us peace of mind
Or else the tears of grief may start.

One day we touch the hem of fame,
The next we wince 'neath failure's stings.

Nor shall tomorrow be the same
For something new each morning brings.

The day is never old and gray,
Nor like the ones which went before;

What it will bring no man can say
Until its round of life is o'er

And he is young, whoever he be,
Despite of care and sorrow's stings

Who waits with eagerness to see
The changes that each morning brings.

News Of British Defeat At New Orleans Brings Gloom And Chagrin To Merchants

By CAPT. SAMUEL WHITE
(An autobiography of an Adams county man in the campaign of 1814 against the British and Indians in Canada.)

(Captain White reaches Halifax, but finds the food poor and high in price. He remains here until peace is declared.)

Fifteenth Installment
There were but few men in the village in which we were paroled; some followed fishing, some the sea, and others the army. The soil of the country around appeared to be very poor, the country abounded with small lakes; the timber was principally scrubby white pine, not growing thicker than from six to twelve inches in circumference. This was the wood used for firing by the inhabitants, each of whom cut and hauled as much as he pleased without interruption. The corn stalks which I saw in some gradens, and this was the only place in which I saw any, was no larger than a person's finger.

About this time the news of the defeat of the British before New Orleans, reached Halifax, and disappointment and chagrin were depicted on the countenances of every individual, with the exception of the American prisoners, whose joy was almost without bounds. The merchants who had been speculating, and many of them had embarked largely in purchasing the soldiers' right of plunder at New Orleans, of cotton, sugar, tobacco, &c., were actually thunderstruck.

Sell and Collect Cash
Many of them upon hearing the news, collected all the cash they could lay their hands upon, and disposed of as much merchandise as possible, and cleared out, well knowing that they had not the slightest chance of anything but absolute poverty, if they remained. Every day while I remained there, I witnessed sales of their goods at auctions in the streets.

When the news of the victory reached us at Prescott, the officers assembled at what was called "Jackson's Tavern," where Major Gallows, Captain Crowninshield, myself, and several others boarded, and spent the afternoon in jollity and mirth. "Hail Columbia," I suppose was never sung with more heartfelt gratitude, than we sang it that afternoon; joining hands, forming a circle and walking around, we sang with all our force, disregarding entirely of consequences; but we were permitted to enjoy ourselves without molestation, as there was not a British officer or soldier then resident in the village.

Unlawfully Detained
Captain Crowninshield had been detained in imprisonment for something like a year after he had been legally exchanged; immediately after the news of peace had reached them, Captain Cusht, the provost Major, sent a line to him, with directions to have his baggage put on board of a certain vessel then lying in the harbor, bound for the United States, and then to repair to his office in Halifax; the Captain did so, and on appearing in the office, the Major asked him if he did not feel rejoiced at the prospect of returning to his family.

Crowninshield replied that he did; but added at the same time, "without considering myself at all indebted to you, Captain Cusht." Cusht answered, that thanks were not only due to himself but to several others, gentlemen resident in Halifax, who had interested themselves considerably, to procure his liberation—to this our friend replied, that these of his friends in Halifax, who had interested themselves for him, he did indeed feel deeply indebted, but to Captain Cusht he again asserted he did not conceive himself at all indebted, as he had it in his power to prove without leaving the city, in black and white, that it was through his means alone he had been so long illegally detained in captivity; and he had yet to learn that cruelty and injustice had power to bind the object upon whom they had been practised, to feelings of regard or consideration for his oppressor.

Sent to Prison Instead
This charge was denied most positively and as positively and firmly repeated, when at length, Cusht completely losing all command of his temper, the following dialogue ensued: "You shall not go home even now, sir." "Thank you, sir." "Go on board and remove your baggage, and return to your place of parole." "Thank you, sir." "I will send you to Melville prison, sir." "Thank you, sir." "Begone out of my office, sir." "Thank you, sir."

Captain Crowninshield then left the office, and related the circumstance at dinner, when he was warmly greeted by all for his firmness and they actually carried him between their shoulders round the room. He then called for wine, to treat his fellow officers of whom there were about a dozen, then in the house; we devoted ourselves to merriment and had a jovial time of it; several other paroled American officers gathered in, and before we had retired to rest ourselves, we had consumed to rest upwards of 40 bottles of good wine, thus celebrating our country's glory, and our enemy's disgrace, under their very noses.

The next morning the captain made it known that he expected a guard to be sent to conduct him to Melville prison; several of the officers, unknown to him, met together and formed a resolution to attempt his rescue, and if possible prevent his going to jail; he however, came to the knowledge of the matter by some means, and begged them to desist from their purpose, as it was impossible to prevent his going to jail in an enemy's country; that they would only risk their own lives, without doing him any service; I saw him plead with them, with tears in his eyes, so overcome was he by his feelings, before he could persuade them to give up their project—he, however, at length succeeded; he was so universal a favorite amongst the officers, that I firmly believe, had they after reflection, found the undertaking feasible, they would never have consented to abandon the enterprise.

Start of a Privateer
Captain C. was from Salem, in the State of Massachusetts; he had formerly been the captain of a ves-

ment seems to have been abandoned. Of the scholars who attend this school, five still reside in Gettysburg, viz.: Mrs. Julia A. Jacobs, Rev. Samuel B. Smith, David Kendlehart, Geo. E. Buehler, Daniel Culp, A. distinctively German school followed somewhere between 1823 and 1827. Among the scholars still resident in Gettysburg are: David Kendlehart, Alex. D. Buehler, George H. Swope and Daniel Culp.

An organization originally known as the "Gettysburg Sabbath School Society," with most of the teachers coming from the college and seminary, has continued in unbroken succession to this day. . . . Reminiscences were given by Rev. E. Breidenbaugh, Rev. Drs. Hay, Krauth and Baum.

Special services were held on Sabbath morning at the Sabbath School service in the afternoon, as well as Sabbath evening.

Rome, Feb. 8.—Forty-three cardinals are now here and ten more have sent notice by telegraph of their intention to come. A public lying in state of the Pope's remains is anticipated. Six candidates for the Papacy are being mentioned. . . .

PROPOSE TEN PER CENT CUT IN INCOME TAX

By CHARLES F. BARRETT

WASHINGTON (AP)—The House Ways and Means Committee was

evidently ready at its meeting today to give lopsided approval to a bill by Chairman Reed (R-NY) for a 10 per cent cut in income taxes, effective June 30.

The only obstacle to committee

clearance appeared to be an expected move by Democrats to delay a decision until the Eisenhower administration takes a stand on the proposal.

Democrats said if this move falls—and they aren't optimistic—most of their members will join Republicans in pushing a drive to give some 50 million taxpayers a reduction after three rounds of increases.

Congressional staff specialists estimate the Reed bill would trim close to 1½ billion dollars from federal revenue for the fiscal year starting July 1.

LONG EGG RECORD

HARRISBURG (AP)—January, 1953 the 20th consecutive month of record egg production on Pennsylvania farms, was the second best month on record, the Department of Agriculture reported today.

January egg output was 355 million, a boost of 13 per cent over January, 1952. Only March, 1952, when 363 million eggs were produced exceeded last month's record.

expect to send the measure to the Senate, where its future is more uncertain.

Present law already provides for a 10 per cent reduction in individual income tax rates to take effect Dec. 31. The Reed bill merely would advance this cut by six months and greatly increase the resultant revenue loss next fiscal year. Because it would go into effect July 1, most taxpayers would get only a 5 per cent reduction in their tax year for calendar 1953—10 per cent after that.

House leaders, including Speaker Joseph Martin (R-Mass.), have said they will try to hold off floor action on the Reed bill for two months or more. But eventually, barring new developments, they

The members of the Christian Endeavor Society of St. John's Lutheran Church enjoyed a Valentine party on Friday evening in the social hall of the church. The opening devotions consisting of responsive reading and prayer were led by the pastor, the Rev. William C. Karns. A song service took place. The brief business period was in charge of the president, Mrs. George Trump. It was decided to hold the monthly social for the society on the second Tuesday of each month, instead of the third Thursday. Games were played by the group and refreshments were served by Mrs. Trump and Miss Evelyn Harget.

First American Industry Found

The birthplace of American industry is believed to have been uncovered at Jamestown, Va. The National Park Service and Glass Crafts of America, trade group of the handmade glass industry, are cooperating to set up a memorial at the site where the Jamestown colonists operated a glass plant in 1608. The picture shows a model of the ancient plant which archaeologists have built after three years' work at the site. By 1956, it is planned to have a full-scale model, complete with glass workers, near the original, to preserve the remains and to build a road to the site for the use of visitors.

STEVENSON TO BE AVAILABLE IN '56; WON'T BLOCK OTHERS

By JACK BELL
WASHINGTON (AP)—Adlai Stevenson apparently intends to keep himself available for the 1956 Democratic presidential nomination but will put no barrier in the path of any other potential candidate.

Here to confer with members of Congress and other Democratic leaders, the 1952 nominee continued to turn away with jesting replies all queries about his political future.

Asked at a reception yesterday for Democratic legislators if he would be running for office in 1956, Stevenson quipped:

"I may be running for cover. But maybe that won't be necessary then."

He made it plain that he has no intention to oppose the bid of Sen. Douglas (D-Ill.) for renomination in 1954.

"Douglas is a friend of mine and I wouldn't run against him under any circumstances," Stevenson declared.

To Lunch With Ike
Democrats who have sounded out his thinking on his political future say they are convinced Stevenson will be available for the party's nomination in 1956 but he will not attempt to shut off other possible aspirants.

The former Illinois governor, defeated by President Eisenhower last November, probably will sit down with Eisenhower at luncheon in the White House tomorrow. But if they exchange more than courteous pleasantries most politicians here will be surprised.

It would be the first formal meeting between the two men, who swapped bitter charges during last year's campaign.

JET CARRIERS MONEY-SAVERS

LONDON (AP)—The jetliner will make the troopship as archaic as the battle-axe. British air charter companies are telling the War Office. And the War Office, which has the job of moving many thousands of British troops around the world each year, is listening attentively.

Even with current propeller-driven planes, air companies are undercutting shipping companies in their charges for carrying soldiers.

Several contracts have been concluded to carry troops from Britain to the Middle East, Africa and elsewhere at less than one cent per head per mile. On a trip from London to the Suez Canal Zone, that makes it \$1.20 cheaper to fly a soldier than move him by troopship.

But these costs are high compared with what is coming when jetliners are used, the air companies say.

The reckon that if they can get

hold of some of the new Britannia prop-jet planes, they will be able to whisk fully armed soldiers from London to the Far East in 27 hours — at a cost of \$154, far less than any surface ship could do the trip.

The Handley-Page company is planning an air-transport version of its HP-97 jetliner — still on the drawing board — with which they reckon they could fly a fully-armed soldier 2,000 miles in 4½ hours for a charge of \$19 a soldier.

The air charter and aircraft building companies point out that the increased mobility also would reduce the number of troops en route at any time, thereby cutting the number of reinforcements needed to keep Britain's overseas bases fully manned.

These arguments are being pressed on the War Office in a bid to get the Government to promise to use the new facilities if private firms go ahead and acquire jet planes.

"A" has been the first letter of the alphabet throughout the whole period of its use.

CHIEF BARTLETT

Paul B. Shealer, Raymond E. Menges, Clarence Cluck, William Gilbert, Paul Anzenberger, Luther Stevens and John Jones.

Councilman Fox, as chairman of the Safety Committee, welcomed Bartlett as new police chief. Burgess Weaver, who has been acting police chief for the past two years, also spoke briefly. He charged Chief Bartlett with his duties, and declared that he was relinquishing all police work to him.

All complaints will be made direct to Chief Bartlett, he said. The new chief will, as one of his first duties, set up new records systems in the police office, and otherwise modernize and "streamline" the department for greater efficiency, Burgess Weaver said.

New Badges, Insignia

New police badges and insignia for police caps, ordered recently, were distributed to members of the department.

Bartlett was named police chief by borough council on December 1, the appointment to become effective February 15. At the January meeting the salary was fixed at \$3,600 a year.

The new chief is a native of Pittston, Pa., where he was born Sept. 16, 1902. He enlisted in the state police organization on February 11, 1930, and was made corporal in 1936. He has been stationed at the Gettysburg substation since June 1, 1947.

The Gettysburg College band played "Battle Hymn of the Republic" during the placing of the wreath and then continued softly with the "Battle Hymn" while Mr. Uibel, a Lincoln impersonator, recited the Gettysburg Address.

Exercises Broadcast
Attorney Edward B. Bullett, chairman of the committee in charge of the pilgrimage, expressed his thanks today to "the many who took part in making the event a success."

Following the cemetery exercises and parade the scouts visited the cyclorama and toured the battlefield. They made their noon meals at Pardee Field, Zeigler's Woods, the Wheatfield and Pitzer's Woods.

Radio Stations WGET and WHGB, Harrisburg, presented the program direct from the National Cemetery and from Baltimore St., where a description was given of the parade.

119 RESCUED FROM LEAKING ITALIAN SHIP

ROME (AP)—The leaking Italian motorship Tripolitania was reported abandoned and taking water fast today between Sicily and Greece. All 119 of her passengers and crew had been picked up by the U. S. troop transport Gen. C. H. Muir.

A spokesman for the Italian Merchant Marine Ministry said there no longer was hope of saving the 7,766-ton, 34-year-old Tripolitania.

The Gen. Muir, which had left Piraeus, Greece, for Rotterdam, was diverted to answer the distress call yesterday. The Italian ship had radioed that she sprang a leak in the stormy Mediterranean 230 miles southeast of Sicily.

Bringing In Rescued
The marine spokesman said the Muir was bringing the rescued to Augusta, Sicily.

Port authorities at Augusta said the Tripolitania's crew, after valiantly trying to repair the leaks, abandoned ship and was taken aboard the transport.

The Italian craft, owned by the Lloyd Triestino Society of Naples, had been returning from Somalia to Naples. Reportedly she carried 62 passengers and 57 crewmen.

Electric Hot-beds Better, Cost Less Than Old Type

Either Electric Cable or Lamps Can Be Used to Heat Hot-bed

Because of the small expense and greater efficiency of an electric hot-bed, few are now heated by stable manure, as in the past. Among the many advantages of the electric kind are cleanliness, lack of unpleasant odor, even and lasting heat.

By equipping a cold frame with an electric heating cable, or heating it with lamps, the amateur obtains most of the benefits of a greenhouse at a fraction of its cost. It can be placed close to the house, where attention during cold weather will involve a minimum of discomfort.

So small a quantity of heat is necessary to keep temperatures in a hot-bed above the danger point in spring, it is usually less expensive to use electricity for this purpose, than the traditional manure.

With an inexpensive thermostat, the heat is turned on or off according to the need; and the plants growing in the hot-bed enjoy an even range of temperature, without the extremes which were common where manure was used.

Plants can be started earlier, and kept protected for a longer period, without danger of the heat source becoming exhausted before danger of frost outdoors is over.

An electric cable is the usual heater, but a number of lamps can be used, if preferred.

A cold frame is constructed in the usual manner, and is sunk in the ground a few inches. Soil is removed within it to an equal depth, and the cable is arranged on the bottom in loops, so that heat will be evenly distributed. The supply wire and cable are both connected to a thermostat, which can be set at the desired minimum temperature, so that as soon as the thermometer falls to that point heat is turned on.

When temperature rises a few degrees above the minimum, heat is shut off.

The heating cable is usually covered with four to six inches of soil. It is a good idea to place a sheet of fine mesh poultry wire an inch above the cable, with soil between.

Another method is to grow plants in flats, which are placed on a grating just above the heating cable, which is not buried in soil, and thus is always open to inspection. To improve insulation and reduce current consumption, the frame should be banked with cinders, which are covered with soil, to within a few inches of the top.

TIMELY TASKS FOR FEBRUARY

Locate an ample, reliable supply of genuine northern-grown certified seed potatoes and place order at once.

Tell your fertilizer dealer how much and what kinds of fertilizer you are needing for spring planting.

Do not longer delay grape pruning.

Sow cabbage and broccoli seed in window boxes for extra early plants and move tiny seedlings later to individual containers in a sunny coldframe to continue their growth.

Protect rhododendrons and boxwoods from direct sun with a burlap or other suitable shield.

Scale pests on deciduous plants must be killed before the plants come into foliage.

Order asparagus roots and raspberry, dewberry, blackberry and blue berry plants for March 1 delivery.

Sow leaf lettuce in a sunny cold-frame and include a few radishes around the edges.

Besides controlling San Jose scales, a dormant spray of peach trees checks leaf curl.

Every gardener should grow rhubarb. Nursery roots or old clump divisions should be planted in early March.

Include at least a few strangers in the 1953 annual flower garden—desirable annuals you have never grown before.

If no horse manure is available for making a hotbed, install at least a small electrically heated bed.

Nitrate of soda will be needed for feeding grape vines and all bearing fruit trees just before they come into leaf. Order now.

Set plants out the first day when a warm rain is falling. They will appreciate the bath.

It is not too late to plant that extra shade tree or to buy and set out a few improved black walnut and butternut trees.

Inspect lilacs for scales, especially to top woods. If the pests are present, apply a dormant spray before buds open.

Plant a bed of onion sets as soon as soil can be worked.

Damping-off of young vegetable plants may be prevented by sterilizing the bed soil and treating the seed with Semesan before sowing.

Horseradish roots may be set out in early March.

Build grape arbors or trellises when weather is favorable.

Note the better forsythias when they are in bloom and ask neighbors (or even strangers) for cuttings when they prune their plants later in the spring. Cuttings are easy to root in moist sand or vermiculite under glass.

3 KILLED WHEN PLANE CRASHES IN MOUNTAINS

BEDFORD, Pa. (AP)—Three persons were killed last night when an airplane, described by state police as a Navy craft, crashed into a mountainside 16 miles west of this Western Pennsylvania community. It burst into flames after the crash.

Three bodies were taken from the wreckage. Identity of the victims was not immediately determined.

Here it is... in a Class by itself... the NEW FERGUSON "30"

FERGUSON TRACTOR AND 63 FERGUSON SYSTEM IMPLEMENTS

Check the many features of the new Ferguson 30 Tractor. Talk to the many farmers who are using them. If you try one, you, too, will be convinced of the many advantages this tractor offers over your present tractor you may have.

The hydraulic system on this tractor has no equal. It has been copied many times. The above Ferguson Tractor will handle 3-bottom plows in most of our soil around here.

A lot of people will say that you must use Ferguson mounted implements on these tractors. The reason customers do buy mounted implements is because they are cheaper, and are a lot easier to put on and take off with a 3-point hook-up. Also, you have finger-tip control. You can convert a Horse Corn Planter for about \$18.00 into a mounted planter for your Ferguson Tractor.

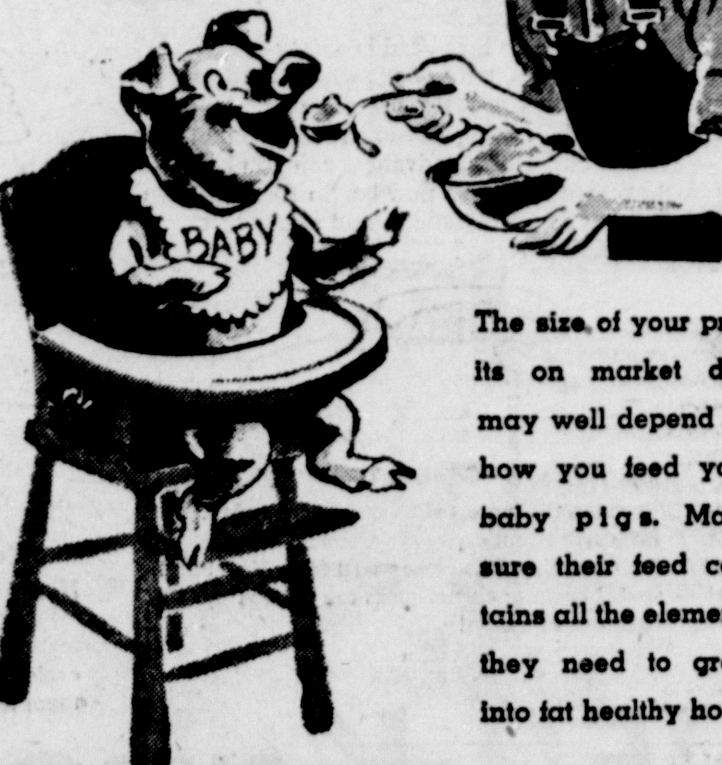

Check the many features on these tractors. Compare the price. You can buy a Ferguson Tractor, Plows and Cultivator for less than most full 2-plow tractors alone are selling for. The price on our Ferguson 30 Tractor is \$1,765.00. Part can be financed.

If you are thinking of trading, stop in now. Note: We have no salesmen on the road. Our satisfied customers keep us in business.

FRENCH AFRICAN TRIBESMEN ASK SHARE OF IVORY

UNITED NATIONS, N. Y. (AP)—Blitta tribesmen in French African Togo land have asked the U. N. Trusteeship Council to make the French divvy up on elephant tusks.

In a complicated recital of local high finance and local dealing, Chief Lodonou of the Agnam Village charged French colonial officials not only confiscated but tusks on elephants shot by natives in his area but also took the huge single tusk found on a one-tusk elephant shot by Chief Lodonou's own hunter.

Explains Complications

A French law in Togoland bars killing elephants without prior authorization. The regulation was adopted to keep ivory-hunters from slaughtering elephants wholesale for their valuable tusks.

Chief Lodonou—his letter attested by a fingerprint as signature—said his people have tried for years to explain that elephants cross the Anie River from British Togoland and trample down gardens and plantations.

He said the French finally agreed his people could shoot one elephant in each herd in order to scare away the rest but this resulted in the people running around to friends to borrow money to buy enough gunpowder to do the job.

Burden Of Debt

"Confident that once one of the animals is killed, the value of the tusks will serve to repay its loans, his friends willingly agree to lend him the money," the chief wrote. "As soon as one of these animals is slain, however, the (French) commandant mercilessly confiscates the tusks and leaves the

19-Year-Olds To Get March Call

HARRISBURG (AP)—The State Selective Service Bureau expects to tap 19-year-olds to meet Pennsylvania's March draft quota.

"Some states started drafting a few 19-year-olds a couple months ago," said Henry M. Gross, state draft director. "I doubt if we will have to do it in February—but in March we probably will."

Gross said drafting those under 20—for the first time under the 1948 law currently in effect—does not represent a "jump" in quota nor a legal change but merely means the bottom of the list is being reached.

Under the current law, boys must register for selective service at 18. Prior to the present time, Gross said, it was not necessary to draft any men under 20 to meet the state's quota.

Postal Employee Perishes In Blaze

PITTSBURGH (AP)—Fire killed a Pittsburgh post office employee and forced five members of his family to flee in their night clothes early Saturday from their home in the East Liberty section.

The victim, Frank S. Delozier, 50, had escaped from the roaring fire but was overcome when he dashed back into the house, apparently in search of valuables.

Fire Chief Stephen P. Adley said damage to the 2½ story frame house was about \$8,000. He added the fire probably started from a lighted cigarette dropped on a piece of furniture.

Three firemen were injured, two requiring hospitalization.

hunter who killed the elephant burdened with debt which will take all his life to repay.

"Many of our people, who will never be able to pay back what they owe, leave the country."

DOOMED MAN LOSES APPEAL

PHILADELPHIA (AP)—Charles E. Homeyer, convicted of slaying his wife and burying her head in the cellar of their Factoryville, Pa., home, has been denied a death sentence appeal by the state Supreme Court.

Holding that Homeyer was justly convicted of the slaying in March, 1950, Justice John C. Bell Jr., ruled that the mandatory sentence of death returned by a Wyoming County jury was "a proper verdict" in accordance with the law.

"Proof of a head severed from the body and encased in concrete in the cellar of the defendant's home," the opinion stated, "followed by proof of the identity of the head as that of Anna Homeyer was sufficient evidence, without anything more of the corpus delicti."

A well-preserved head was found buried in concrete in a wash tub in Homeyer's cellar almost a year after his wife's death.

Homeyer claimed that when he returned home after purchasing a birthday cake for his wife he found her dead, with an empty bottle of sleeping tablets beside her. Homeyer said he disposed of his wife's remains because he feared he would be blamed for her death.

Convicted Slayer Asks For New Trial

COUDERSPORT, Pa. (AP)—Potter County Court has been asked to grant a new trial to Alfred Sallade, 32, convicted of voluntary manslaughter in the shotgun slaying of a 19-year-old Harvard student last Sept. 1.

Sallade is free in \$20,000 bail pending the result of his application for a new trial. He was convicted Dec. 13 of killing Charles P. Van Pelt, Rosemont, Pa., at an airport at nearby Cherry Springs. "Self defense does not impute intent to kill," said Sen. James S. Berger (R-Potter), Sallade's counsel. "Jurors were required to believe that Sallade had formed an intent to kill."

Sallade, operator of the airport, testified that he shot Van Pelt in self defense believing the victim and his companions were robbers. Van Pelt had been on a vacation camping trip.

Pays Old Debt On Lincoln's Birthday

LOCK HAVEN, Pa. (AP)—Remember the story about Abraham Lincoln walking several miles as a young clerk to return a three-cent overpayment to an old lady? Mrs. Alva Hanna, a Lock Haven widow, received a money order for \$60 yesterday from Mrs. Anna Relehan, Clearfield. Attached was a note explaining that the money was in payment for a bill Mrs. Relehan's brother had run up with Mrs. Hanna's late husband 33 years ago.

The letter was postmarked on the 144th anniversary of Lincoln's birth.
